

Malakoff Tigers Show 'Better-Than-Even' In 22-Year

In the 22 seasons that the Malakoff High School has had a football team, local youths have come through with wins in approximately 58 percent of their games. They have won 99 games, lost 69 and tied 14, taking six conference titles in the process.

The above figures were derived by going through the back files of the News and gathering every bit of available information concerning football in Malakoff. Some scores were not reported in the News but only that the local team won or lost; while others were not reported at all but had a story about a game that was to be played. Generally, the files showed complete records of the games with their scores and the years they were played.

The won-loss-tie record as appears above only applies to games of regularly-scheduled season and not to Bi-District tilts, of which Malakoff has played 3. Of these games, Malakoff has carried away one Bi-District title and been defeated in the other two contests.

To climax one of the most successful football seasons in Malakoff's history (others include the 1934, 1939, 1940, 1946, and 1947.) the News is publishing the almost-complete history of games played by the Malakoff High School. Any mistakes in the record will gladly be corrected and those games without scores will be cleared up when possible.
