

Superintendent's Message

It is my happy privilege to congratulate the Annual Staff upon completion of this first edition of "THE TIGER" since the beginning of World War II.

A vast difference will prevail between the contents and mechanics of the books of '41 and '48, just as there is a wide difference between life's responsibility of the two dates.

Your effort is a record of work well done, of many hours spent in fine fellowship striving for a better human relationship in a fuller, happier life. May we regard the past with pride, live the present intelligently, and face the future with confidence.

My hope for each of you is that you will be able to follow fields of fruitfulness, in a world of contentment and peace.

Affectionately yours,

M. B. Richards
